

The image shows a close-up of a teal-colored fabric with a subtle, light-colored pattern. The fabric is draped and folded, creating deep shadows and highlights. At the bottom, there are several tassels made of thick, green, braided cord. The tassels are attached to the fabric and hang down. The overall aesthetic is modern and textured.

COLLECTION 20/21

CHAPTER 3

Collection 20/21

Chapter 3

We are spending more time at home than ever before, so now is the perfect time to make your house your home!

And what better way to do this than with our newest chapter of Collection 20/21: Chapter 3! We'll show you a mix of fabulous new items, shapes, art, colours, prints and some 'good old' basic - and vintage items. Not only for indoors; we also got the outdoors covered.

Where to start? Well, your favourite hangout in the house these days must be your couch. If you love natural products, we definitely recommend you to have a look at our iconic Vint couch on page 46. We gave this beauty a new soft linen blend fabric.

Do you occasionally get that feeling that the walls are closing in on you? A way to spice them up, is by having a fabulous piece of art on it. Fancy it? Then jump on to pages 5, 25, 32 and 46 to admire our extensive and various collection of extraordinary wall art. We added some new abstract art pieces to it too.

Now is the perfect time to make an extension of your living area by decorating the outdoors as a part of your interior. By doing so you

obviously need one really important item: a good looking outdoor sofa to sit on, with the most comfy cushions you can ever imagine! Have a look at page 16 for our new awesome seaters.

The next introduction should be our collaboration and co-creation with DORIS vintage: DORIS for HKLIVING. It was love at first sight with her work: vintage inspired items. As summer is around the corner, we decided to add a DORIS for HKLIVING vintage touched umbrella to our outdoor collection (page 22). We also upgraded our cushion collection by adding new vintage inspired cushions to the DORIS for HKLIVING collection. Oh, and these puffy friends do look amazingly good on our outdoor sofas!

In conclusion we want to say good bye by putting the spotlight on our Kyoto Ceramics, as we are genuinely proud of the new items we added to this special real Japanese family of ceramics (on page 8).

Indulge yourself and start dreaming of your new home...

Enjoy Collection 20/21 Chapter 3!

Kyoto ceramics

The tradition of the Japanese tea ceremony inspired us to create a range of earthy tableware. A serene and sensational assortment, filled with burnt earthy hues, to take you along your own beautiful Asian ritual. All items in our Kyoto ceramics family are produced in Japan, the country of their origin. They are all hand finished and hand glazed, to give them the traditional and unique Japanese feel.

For Chapter 3 we added new items in three colours to our Kyoto ceramics family: beautiful brown/ochre, serene speckled white and all black. These beautiful pieces are made of thin porcelain and they get fired twice at a high temperature to prevent breakage, scratching and wearing of the porcelain. The hand finishing touch gives them this quirky unique look.

DORIS FOR HKLIVING

We are passionate about design, fashion, prints, vintage and craftsmanship and love to work with kindred spirits. It was love at first sight with DORIS vintage! That's why a co-creation between two Dutch vintage loving brands was the only option. So may we present, with pride: DORIS for HKLIVING!

DORIS' work has inspired us before, to give our iconic HKLiving lobby bench a vintage touch up, with a DORIS vintage floral print. Our cushion collection could do with a fresh spring look as well. Together with DORIS vintage, we designed a mix of (vintage inspired) double sided printed cushions, made of luxury fabrics silk, wool and satin. The luxury piping is the ultimate finishing touch for these new DORIS for HKLIVING luxury cushions.

Have you ever thought about giving the living room a make-over, but not knowing where to start? Why not start with the lamp shades? We added beautiful vintage inspired shades to our collection, with a little help of DORIS vintage. As summer is around the corner, you are, more than ever, ready for summer days with a DORIS for HKLIVING vintage touched umbrella. This beauty will make your perfect sunny day complete!

Kim Wijte is the vintage treasure hunter behind DORIS vintage. Her found treasures include: floral, boudoir, and 'très chic' patterns. Mainly found in clothing, but in our collaboration we decided to take it a step further. Together we created "something floral, something chic, with a boudoir finishing touch"; a collection that suits both our styles: DORIS for HKLIVING.

Bright spots

Inspired by the 60s and 70s we added some new enlightenment to our line of lights! A great array of lighting to mix and match as you choose. From retro to fat lava inspired glazed table lamp bases. We designed different lamp shades to mix as you like: beautiful plain shades in jute - and silk fabric. Or all-over printed vintage inspired DORIS for HKLIVING shades. Switching on the lights was never this funky before!
